

Graduation Day Lyrics (fast)

It's the start of something new

(ooh-yeah!) Dreams are shining just for you

(let's go!) Όλοι μαζί σε αυτή τη γιορτή

Friendship forever

It's meant to be

Raise your hands up to the sky

Έρθε η στιγμή Μην σταματάς

One last cheer

Then we take flight

Τα αστέρια είναι δικά μας (ooh-yeah!)

Dance Laugh Sing along

All night long

Graduation day We're so strong

Χορεύουμε μαζί Με φωνές

This is our time Our success!

Books are closed The doors are wide

The world awaits A thrilling ride

Τώρα αρχίζει μια ζωή

With every step

We're truly free

Dance Laugh Sing along All night long

This is our time.our time

Our success!

Celebrate the moments we've made

Τόσες αναμνήσεις Σαν χρυσός μπροστά μας

Every laugh

Every tear—we've shared

Η ζωή είναι δικιά μας

(let's go, let's go!)

Raise your hands up to the sky

Ήρθε η στιγμή Μην σταματάς

One last cheer

Then we take flight

Τα αστέρια είναι δικά μας (ooh-yeah!)

Dance Laugh Sing along

All night long

Graduation day We're so strong

Χορεύουμε μαζί Με φωνές

This is our time Our success!

Books are closed The doors are wide

The world awaits A thrilling ride

Τώρα αρχίζει μια ζωή

With every step

We're truly free

Dance Laugh Sing along

All night long

This is our time.our time

Our success!

Celebrate the moments we've made

Τόσες αναμνήσεις Σαν χρυσός μπροστά μας

Every laugh

Every tear—we've shared

Η ζωή είναι δικιά μας

(let's go, let's go!)

ξανά πιο αργά
